No Travel Advisory lifted for north central North Dakota and US Highway 2

The North Dakota Department of Transportation (NDDOT) and the North Dakota Highway Patrol have **LIFTED** the **No Travel Advisory** for north central North Dakota and US Highway 2 including the cities of Minot, Devils Lake and Grand Forks.

There is still a **No Travel Advisory** in portions of northeastern and south central North Dakota due to blowing and drifting snow creating hazardous driving conditions. Cities included in the **No Travel Advisory** are: Langdon, Cavalier, Pembina, Drayton, and surrounding areas in the northeast; and Jamestown, Valley City, Ellendale, and surrounding areas in the south central. Motorists in these areas should **not travel** as blowing and drifting snow is creating near zero visibility and hazardous driving conditions.
